

FACTS™

FULL SPECTRUM ACTIVE COMBAT TRAINING SYSTEM

Realistic Targets for Realistic Training

The \$199 patent pending FACTS™ is a life-size light-weight 3D human form target developed by professionals for professionals. Configurable for different sexes, races, and appearances, FACTS™ 3D targets bring **unequaled realism** to any training exercise.

FACTS™ 3D targets address the most critical aspects of Use of Force and Rules of Engagement training: **threat identification, threat response, marksmanship, and combat mindset**. In a world with real threats and real consequences there is no substitute for realistic training; and there is no more realistic live fire, Simunition®, less lethal, Taser®, OC spray, and impact baton training platform than the FACTS™ 3D targets.

\$199

Integrated Dynamic Training

FACTS™ 3D targets are designed for extreme hard use and full-scale dynamic training. Each target is built to withstand flash bang and breaching blasts, baton hits and barrel punches, knife cuts, Taser® applications, punches, kicks, and less-than-lethal impact munitions, in addition to thousands and thousands of Simunitions® and live-fire rounds, while remaining functional and reactive to human contact, making them an ideal low cost solution for defensive applications training.

The targets allow professionals to **effectively train with the equipment and gear carried on a mission** through the entire threat response spectrum: verbal, intermediate, contact, less-lethal, and deadly force. The targets can be used to integrate multiple skill sets into a single training evolution, saving valuable time for the instructor while maximizing the benefit to the student. With FACTS™ 3D targets, operators can transition from physical contact to impact weapons, impact weapons to less-than-lethal, and less-than-lethal to deadly force **on the same threat target, within the same training, evolution, with the gear and equipment they carry every day.**

Easy & Practical

FACTS™ 3D targets are constructed of recycled hypoallergenic plastic for **light-weight** durability and portability. The targets are designed to be **free standing** but can easily be mounted to existing range equipment, whether fixed or automated, ground or overhead, and shoot houses. The targets are **easily assembled** and disassembled within minutes, **without tools**, for ease of use and storage. The modular design allows easy parts replacement.

Imagine training:

- To your fullest potential by maximizing your time
- Lowering your overall training costs by using one simple platform
- Seamlessly from teaching one skill set to another without having to change training venues
- Saving down-time by performing each training evolution with the gear & equipment you already carry
- Reinforcing necessary and proven combat mindset principles

FACTS™ RANGE READY MOBILE TRAINING KIT

- **LIFESIZE** freestanding male & female units
- **REALISTIC** human appearance
- **MULTIPLE** faces & ethnicities
- **INTERCHANGEABLE** heads, torsos, arms & legs
- **DURABLE & LONG LASTING** recycled plastic withstands thousands of rounds, impacts, strikes, and cuts
- **DYNAMIC** reaction to contact & force
- **RECYCLABLE** hypoallergenic plastic construction
- **RANGE READY** freestanding units or targets mount to existing range equipment or target stands
- **PORTABLE & CONVENIENT** light-weight & tool free set-up & take down

THREAT PACK

Reusable life size realistic foam weapons kit includes shotgun, rifle, pistols, knives, hand grenades, UZI, bottle & more.

BASE PLATES

Heavy duty reusable base plates with integrated carry handle and FACTS™ mounting brackets.

SKINS

Male & female high-impact replacement torso covers

MOUNT-OUT BAG

Heavy duty padded storage and transport case, features:

- 1000D Cordura nylon
- Double stitched reinforced seams
- #10 YKK zippers
- Interior storage pockets
- Integrated drain holes
- Heavy duty reinforced handles & straps
- D-rings for pallet shipment
- Loads in the backseat of a patrol car

The FACTS™ RANGE READY MOBILE TRAINING KIT

Kit includes: (1) Mount Out Bag; (1) Threat Pack; (15) Replacement Skins; (1) Threat Pack; and (5) FACTS™ 3D Targets (3 male + 2 female, each with a different ethnicity). All FACTS™ are color matched and interchangeable within body type. The Threat Pack and all FACTS™ 3D components fit within the Mount Out Bag for ease of storage and portability.

FACTS™ Single, 5-Pack & Mobile Training Kit

SIZE	Male: @ 6'00" Female: @ 5'08"
WEIGHT	18 lbs. Full single unit weight with attached base plate.
MATERIAL	FACTS™ is 100% recycled hypoallergenic HDPE plastic. Threat Packs are silk screened high-density closed cell foam.
CAPABILITIES	≥3000 rounds per torso -30°F to 140°F - UV Cured

MOUNT OUT BAG	1000D Ballistic Cordura Nylon 24"H x 24"W x 42"L
COLORS	TORSOS & SKINS: Red, Yellow, Black, Blue, Green LEGS: Black, Tan
RACE & ETHNICITY	White, Black, Asian, Hispanic, Middle Eastern
LE & MILITARY PRICING	SINGLE TARGET: \$199.00 5-PACK: \$995.00 MOBILE TRAINING KIT: \$1,200.00 (As pictured above)
